

CARLTON FORUM SWIMMING CLUB MISSION STATEMENT

Our mission is to offer excellence in coaching and teaching children to swim. We are committed to provide a secure, caring environment where children are encouraged to achieve their maximum potential in the sport of swimming.

Our objective is to create an atmosphere where all young people have fun, work together and train to compete as a team and gain confidence as an individual swimmer.

The club will treat everyone equally within the context of their activity regardless of ability, gender, origin or beliefs.
